

STORAGETEK SPONSORSHIP EVENTS AT THE INTERNATIONAL GOLF TOURNAMENT

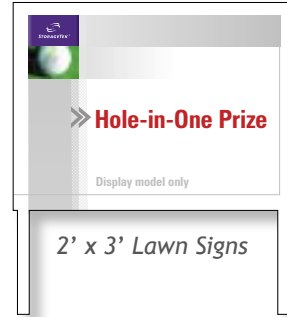

For many years, StorageTek in Louisville, Colorado, sponsored the International Golf Tournament at Castle Pines. The golf ball image used in all of the International sponsorship pieces for 2005 had been established by a designer who had created the initial invitation. I used that image on all of the other pieces for the event, from specialty items, to printed communications like the letterhead, customer survey card and pocket agenda, to large-format stand-alone signs and hanging banners. I worked closely with the client and the print and sign vendors to create and distribute all items for the event.
